

21ST ANNUAL **TERRITORIAL COMPETITION**

CONTEST DESCRIPTION DOCUMENT

25 - CARPENTRY

Secondary & Post-Secondary Levels

(NOTE: Scope may change without notice)

PURPOSE OF THE CHALLENGE

DURATION: 1 DAY

Assess the contestant's ability to accurately and safely complete certain carpentry tasks using generally accepted carpentry practices.

SKILLS AND KNOWLEDGE TO BE TESTED

Contestants will be assessed on:

- Quality, accuracy, and attention to detail;
- Ability to work safely to deadline;
- General attitude toward work;
- A comprehensive working knowledge of power tools;
- Mastery of use of carpenter's squares;
- Ability to read working plans, specifications and blueprints; and
- Work planning skills.

TASKS TO BE PERFORMED DURING THE COMPETITION:

- Project is to be built in metric measurements only. The plans provided will be in metric measurement.
- Measuring and Laying out components
- Cutting material
- Assembly of components
- Construction to be traditional framing methods

- Construction may consist of floor, wall, roofing systems, and finishing

The secondary-level project DOES include rafters.

ESSENTIAL SKILLS

Essential skills are used in nearly every job to varying degrees. They provide a foundation for learning all other skills and enable people to evolve with their jobs and adapt to workplace change. Good Essential Skills will help you understand and remember concepts introduced in technical training. The level of Essential Skills required for most trades is as high or higher than for many office jobs. Of the nine skills that have been identified and validated as key essential skills for the workplace, this contest involves the following:

<input type="checkbox"/>	Continuous Learning	<input checked="" type="checkbox"/>	Numeracy	<input checked="" type="checkbox"/>	Thinking
<input type="checkbox"/>	Digital	<input type="checkbox"/>	Oral Communication	<input type="checkbox"/>	Working with Others
<input checked="" type="checkbox"/>	Document Use	<input checked="" type="checkbox"/>	Reading Text	<input type="checkbox"/>	Writing

EQUIPMENT, TOOLS, SUPPLIES, AND CLOTHING

SAFETY REQUIREMENTS

Upon arrival at the Skill area, Competitors will participate in a Safety workshop and they will be expected to work and maintain a safe working area during the competition. Any Competitor breaking any health, safety and environmental rules, may be required to undertake a second safety workshop, this will not affect the Competitor's competition time. Failure to comply with safety regulations will result in disqualification or removal of competitor from competition.

JUDGING CRITERIA

- Work organization and planning (time to complete tasks)
- Work is level
- Work is aligned
- Cutting precision
- Compliance with plans
- Compliance with health and safety regulations
- Precision of assembled work
- Careful use of materials

POINT BREAKDOWN / 100 TOTAL

Safety	5
Floor Framing	15
Trim and Finishes	25
Roof Framing	30
Exterior Structure	20
Efficient use of materials/professionalism	5
Total	100
